NOTE

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Antrim; and purpose giving similar Tables from time to time, for each County of the Province of Ulster, at such intervals as the progress of the work will permit, to be followed by those of Connaught.

COUNTY OF ANTRIM.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Antrim from the Census Returns of 1881.

SUMMARY.

Area.

The County of Antrim covers an area of 762,080 statute acres, or 3·7 per cent. of the total area of the country.

Distribution of Land. (Table i.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 160,983 acres under tillage, 87,347 under meadow and clover, and 340,120 under pasture, making a total of 588,450 acres of Arable Land, or 82·9 per cent. of the total extent of land in the County; 7,382 acres, or 1·0 per cent. under Plantations; 36,800 or 5·2 per cent. under Bog and Marsh, and 49,187 or 6·9 per cent. under barren Mountain Land. The remaining 28,013 acres or 4·0 per cent. were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.)

The number of persons in the County of Antrim, according to the Census was—in 1841, 354,178; in 1851, 352,268; in 1861, 368,977; in 1871, 404,015; and according to the recent Census **421,943** (**196,774** Males and **225,169** Females) or **4·4** per cent. more than in 1871.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 83,615, the average number of persons in a family being thus 4·96; and the number of Inhabited Houses was 76,086, showing an average of 5·45 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the increase or decrease during the decade:—

Baronies	Population		Increase or Decrease between 1871 and 1881.			Poor Law Unions.	Population		Increase or Decrease between 1871 and 1881

From the foregoing statement it will be observed that the highest per-centage of decrease in the Baronies took place in Massereene Lower, and Toome Upper, viz., 14·8, and 11·9 respectively; there was an increase in the Baronies of Belfast Upper, and Glenarm Upper. The highest per-centage of decrease in the Poor Law Unions occurred in Ballycastle, and that portion of Lurgan situated in this County, there was an increase of 5·4 per cent. in the Union of Larne, and of 15·8 per cent. in that portion of Belfast situated in this County.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the County in 1881, 86·18 per cent. were born therein, 8·70 in other counties of the Province of Ulster; 1·10 per cent. in Leinster; 0·45 per cent. in Munster; 0·26 per cent. in Connaught; 2·86 per cent. in Great Britain; 0·45 per cent. were born abroad; and 32 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts. The county contains 5 such districts and portions of two others; in 1871 the total population thereof amounted to 191,807; in 1881 it was 222,668, showing an increase of 30,861, or 16·1 per cent.; in the rural district of the county the decrease was 6·1 per cent.

Parliamentary Representation. (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 11,570; the borough of Carrickfergus, with a constituency of 1,500 returns one Member; the borough of Belfast, portion of which is situated in this County, returns two Members, the constituency in 1881 for the entire borough being 21,989; and the borough of Lisburn, portion of which is also situated in this County, returns one Member, having a constituency in 1881 of 798 for the entire borough.

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the number of persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.

Total,	404,015	421,943	100·	100·	17,928	—	4·4

From the above Table it will be seen that of the total population of the County in 1881, 25·7 per

* In 1871 there were 848 persons returned on the Census Forms as "Protestants," concerning whose religious profession no farther information could be obtained; in 1881 the number so returned was 18. The 721 persons on board the "State of Nevada" referred to in the note on the following page are included under this heading.

† The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Religious Professions.

cent were Roman Catholics, 23·3 per cent. Protestant Episcopalians, 43·6 per cent. Presbyterians, 2·8 per cent. Methodists, and 4·6 per cent. members of "All other Denominations." During the decade there was an increase in the number of Protestant Episcopalians, of 10·4 per cent; Presbyterians, 1·2, Methodists, 20·4, and of members of "All other Denominations" of 33·3 per cent., there was a decrease of 0·5 per cent in the number of Roman Catholics.

Education (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Antrim in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	212,276	52·5	256,182	60·8
Read only,	84,742	21·0	70,065	16·6
Illiterate,	106,997	26·5	94,975	22·6
Total,	404,015	100	421,943 *	100 *

From the above it will be seen that whereas, according to the Returns of 1871, only 52·5 per cent of the Inhabitants could "read and write," in 1881, 60·8 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 21·0, and in 1881, 16·6, and that the per-centage of the "illiterate" fell from 26·5 in 1871 to 22·6 in 1881.

(Table xxxii.)

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

	1871.			1881.		
	Males.	Females	Total.	Males.	Females	Total.
Population, 5 years old and upwards,	162,956	189,093	352,049	171,163	200,748	371,911
Number of ditto Illiterate,	25,368	31,663	55,031	19,296	25,647	44,943
Proportion per cent.,	14·3	16·7	15·6	11·3 *	12·8 *	12·1 *

From the foregoing statement it will be seen that, in 1871, 15·6 per cent. of the inhabitants, aged five years and upwards, were Illiterate (14·3 per cent. of the males and 16·7 per cent. of the females), and that, in 1881, the per-centage was but 12·1 (11·3 of the males and 12·8 of the females)

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 22·2 per cent. of Roman Catholics, 12·9 per cent. of Protestant Episcopalians, 6·8 per cent of Presbyterians, 5·6 per cent of Methodists, and 4·7 per cent of "all other Denominations" were Illiterate.*

School Attendance. (Table xxxvii.)

The number of children attending school in the County of Antrim, according to the Census of 1871 (week ending 17th June), was 47,676 or 35·5 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 54,576, or 38·6 per cent. of the persons aged 5 and under 20

The Sick (Table x.)

In 1871 the number of persons in the County of Antrim returned as Sick, on the night of the Census, was 2,599, or 1 in every 155 of the population; in 1881 the number so returned was 3,313, or 1 in every 127 of the population; of the latter number 1,496 were at their own homes, and 1,817 were in hospital

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 4,761, or 1 in every 85 of the population, of this number 3,811 were inmates of Workhouses, and 950 were in receipt of outdoor relief; in 1881 the number returned was 6,320, or 1 in every 67 of the population, 4,445 of these being in the Workhouses, and 1,875 on outdoor relief

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District" Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County of Antrim during the ten years ending 31st March, 1881, was 26,319, equal to an average annual rate of 6·4 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 125,189, affording an average annual rate of 30·3 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000

The Deaths registered during the decennium amounted to 86,592, being equal to an average annual rate of 21·0 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 59,431 (36,183 males and 23,248 females), the number for the previous decade was 54,670, and for that ending with March, 1861, 77,516, making a total of 191,617 for the thirty years.

Registration of Births and Deaths and Emigration. Increase in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 125,189, and the number of Deaths 86,592; a natural increase of 38,597 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 59,431, the net result shown is a decrease of 20,834; whereas an increase of 17,930 is shown by the Census Returns, a disparity to be accounted for by Immigration, of which no record is obtainable

* 721 persons (515 males and 206 females) who were on board the steamship "State of Nevada," were enumerated in the township of Larne, but as neither their Religious Profession, Education, or Ages could be ascertained they have been omitted from these calculations.

(b) The remainder is in the county of Down

(c) The Act for the Registration of Births and Deaths (26 Vic., cap 11), by which the Registrars' Districts were defined, did not come into operation until 1864. It is, therefore, not now found practicable to give the number of houses in 1841, 1851, and 1861 for each of the districts into which the electoral division of Belfast has been divided for registration purposes The areas of the Districts of Belfast, Nos 1, 2, 3, have been altered since 1871 by the transfer of several streets from the latter District to the two former, but the figures for 1871 have not been altered, as the number of houses and population in each, in that year, cannot be ascertained

(d) See note (b), p 12.

(e) This District has been decreased since 1871, by the transfer of the portion of the Electoral Division of Ballylagan, in the county of Antrim, to the Registrar District and Electoral Division of Portrush, and the figures for previous Censuses have been altered accordingly.

(f) The remainder is in the Registrar's District of Portrush

NOTE.—The plan of classification in the foregoing Tables is the same as that adopted in former Censuses, and may be thus described—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

*The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education page 9.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(*a*) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest, and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Armagh; and purpose giving similar Tables from time to time, for each County of the Province of Ulster, at such intervals as the progress of the work will permit, to be followed by those of Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF ARMAGH.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Armagh from the Census returns of 1881

SUMMARY.

Area.

The County of Armagh covers an area of 328,086 statute acres, or 1·6 per cent. of the total area of the country.

Distribution of Land. (Table .)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 121,181 acres under tillage, 45,172 under meadow and clover, and 112,655 under pasture, making a total of 279,008 acres of Arable Land, or 89·7 per cent of the total extent of land in the County; 4,580 acres, or 1·5 per cent., under Plantations; 8,690, or 2·8 per cent, under Bog and Marsh, and 8,483, or 2·7 per cent, under barren Mountain Land. The remaining 10,287 acres, or 3·3 per cent, were returned as under "Roads, Fences, &c., &c."

Population. (Table II.)

The number of persons in the County of Armagh according to the Census was—in 1841, 232,393; in 1851, 196,084; in 1861, 190,086; in 1871, 179,260; and according to the recent Census, **163,177** (**77,683** Males, and **85,494** Females) or **9·0** per cent less than in 1871

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 33,417, the average number of persons in a family being thus 4·82, and the number of Inhabited Houses was 32,211, showing an average of 5·00 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted

Baronies and Poor Law Unions. (Tables III. and VI.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881, and the decrease during the decade

Baronies.	Population		Decrease between 1871 and 1881		Poor Law Unions.	Population		Decrease between 1871 and 1881

Total,	179,260	163,177	16,083	9·0	Total,	179,260	163,177	16,083	9·0

From the foregoing Statement it will be observed that the highest per-centage of decrease in the Baronies took place in Fews Lower, and Tiranny, viz., 16·7, and 13·4 respectively, and the lowest in Orior Upper, and Armagh, viz, 3·1 and 5·3 respectively. The highest per-centage of decrease in the Poor Law Unions occurred in the portions of Armagh and Banbridge situated in this county, and the lowest in those of Newry and Lurgan

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 87·92 per cent. were born therein, 8·90 in other counties of the Province of Ulster; 1·26 per cent in Leinster; 0·28 per cent in Munster; 0·19 per cent. in Connaught; 1·19 per cent. in Great Britain, 0·26 per cent were born abroad, and 7 persons were born at sea

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains four such districts and part of another; in 1871 the total population thereof amounted to 33,558, in 1881 it was 36,838, showing an increase of 3,280 or 9·8 per cent; in the rural district of the county there was a decrease of 13·3 per cent

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 6,885; the borough of Armagh, with a constituency of 653, returns one Member, and the borough of Newry, portion of which is situated in this county, one Member—the constituency for the entire borough in 1881 was 1,217.

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions.	Number of Persons.		Per-centage of Total Population		Increase or Decrease, 1871–1881		
	1871.	1881.	1871	1881	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	85,057	75,709	47·5	46·4	—	9,348	11·0
Protestant Episcopalians,	58,348	53,390	32·5	32·7	—	4,953	8·5
Presbyterians,	28,344	26,077	15·8	16·0	—	2,267	8·0
Methodists,	4,579	4,884	2·6	3·0	305	—	6·7
All other Denominations (and Religion unascertained),	2,937	3,109	1·6	1·9	172	—	5·9
Information refused,*	—	8	—	—	8	—	—
Total,	179,260	163,177	100·	100·	—	16,083	9·0

From the above Table it will be seen that of the total population of the County, in 1881, 46·4 per cent. were Roman Catholics, 32·7 per cent. Protestant Episcopalians, 16·0 per cent. Presbyterians, 3·0 per cent.

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Printed image digitised by the University of Southampton Library Digitisation Unit

Methodists, and 1·9 per cent members of other Religious Denominations. During the decade there was a decrease in the number of Roman Catholics of 11 0 per cent ; Protestant Episcopalians, 8·5 , and Presbyterians, 8 0 per cent. , there was an increase of 6·7 per cent. in the number of Methodists, and of 5·9 per cent. in the number of persons included under the head of "All other Denominations."

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Armagh in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms

Degrees of Elementary Education	1871		1881	
	Number of Persons	Rate per Cent	Number of Persons	Rate per Cent
Read and Write,	72,253	40·3	81,319	49·8
Read only,	37,479	20·9	31,480	19·6
Illiterate,	69,528	38·8	50,368	30·9
Total,	179,260	100	163,177	100

From the above it will be seen that whereas, according to the Returns of 1871, only 40 3 per cent. of the Inhabitants could "read and write," in 1881, 49·8 per cent could do so ; that the per-centage of the population who could "read only" in 1871 was 20·9, and in 1881, 19·3 ; and that the per-centage of the "illiterate" fell from 38 8 in 1871 to 30·9 in 1881.

Table xxxii.)

The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate

—	1871			1881		
	Males	Females.	Total	Males.	Females.	Total
Population, 5 years old and upwards,	75,118	82,501	157,619	68,968	76,854	145,822
Number of ditto Illiterate,	21,134	26,753	47,887	14,605	18,408	33,013
Proportion per cent.,	28·1	32·4	30 4	21 2	24 0	22 6

From the foregoing statement it will be seen that, in 1871, 30·4 per cent. of the inhabitants, aged five years and upwards, were illiterate (28·1 per cent. of the males and 32·4 per cent. of the females), and that, in 1881, the percentage was but 22·6 (21·2 of the males and 24·0 of the females).

Religious Professions and Education. (Table xxxvi.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 32·6 per cent. of Roman Catholics, 17·9 per cent. of Protestant Episcopalians, 7·8 per cent. of Presbyterians, 8·5 per cent. of Methodists, and 6·9 per cent. of the Members of "All other Denominations" were illiterate

School Attendance. (Table xxxvii.)

The number of children attending school in the County of Armagh, according to the Census of 1871 (week ending 17th June), was 19,887 or 32·4 per cent. of persons aged 5 years and under 20 ; in 1881 the number returned (for week ending 14th May), was 19,902, or 35·2 per cent. of the persons aged 5 and under 20.

Sick. (Table x.)

In 1871 the number of persons in the County of Armagh returned as Sick, on the night of the Census, was 1,058 or 1 in every 169 of the population ; in 1881 the number so returned was 919, or 1 in every 178 of the population , of the latter number, 525 were at their own homes, and 394 were in hospital

Pauperism. (Table x)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,428 or 1 in every 126 of the population , of this number 1,233 were inmates of Workhouses, and 195 were in receipt of outdoor relief ; in 1881 the number returned was 1,673, or 1 in every 98 of the population ; 1,273 of these being in the Workhouses, and 400 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act ; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the county of Armagh, during the ten years ending 31st March, 1881, was 8,652, equal to an average annual rate of 5·1 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 43,816, affording an average annual rate of 25·6 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26 3 per 1,000.

The Deaths registered during the decennium amounted to 32,544, being equal to an average annual rate of 19·0 per 1,000 , the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 19,603 (11,331 males and 8,272 females) ; the number for the previous decade was 17,674, and for that ending with March, 1861, 29,496, making a total of 66,773 for the thirty years

Registration of Births and Deaths and Emigration

Decrease in the Population

The number of Births registered during the ten years ending 31st March, 1881, being 43,816 and the number of Deaths 32,544 ; a natural increase of 11,272 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 19,603, the net result shown is a decrease of 8,331 : this number differs from the decrease (16,083) in the population, as shown by the Census Returns, to the extent of 7,752, a disparity to be accounted for, to some extent by incomplete Returns of Emigrants, together with the fact that no record of Migration from one part of Ireland to another is obtainable.

NOTE.—The plan of Classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described.—

The value or condition of a house as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms, 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the materials of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window, in the third a better description of house, varying from one to four rooms and windows, in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz :—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class Accommodation comprising 3rd class houses, with one family each, or second class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one or an occupation distinct from the profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting

† Those form the second group in the classification of the National Board, the Model Schools being the first. See Rules of the Commissioners of National Education page 8

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Cavan; and purpose giving similar Tables from time to time for each County in the Province of Ulster, at such intervals as the progress of the work will permit, to be followed by those of Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF CAVAN.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Cavan from the Census Returns of 1881.

SUMMARY.

Area.

The County of Cavan covers an area of 477,399 statute acres, or 2·3 per cent. of the total area of the country.

Distribution of Land (Table I.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 87,547 acres under tillage, 60,683 under meadow and clover, and 246,441 under pasture, making a total of 394,671 acres of Arable Land, or 86·5 per cent. of the total extent of land in the County; 5,479 acres, or 1·2 per cent. under Plantations; 19,205 or 4·2 per cent. under Bog and Marsh; and 19,600 or 4·3 per cent under barren Mountain Land. The remaining 17,547 acres or 3·8 per cent. were returned as under "Roads, Fences, &c., &c."

Population. (Table II.)

The number of persons in the County of Cavan according to the Census was—in 1841, 243,158; in 1851, 174,064; in 1861, 153,906; in 1871, 140,735; and according to the recent Census **129,476** (**64,637** Males, and **64,839** Females), or **8·0** per cent. less than in 1871.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 24,910, the average number of persons in a family being thus 5·16; and the number of Inhabited Houses was 24,345, showing an average of 5·28 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

From the foregoing Statement it will be observed that the highest per-centage of decrease in the Baronies took place in Clankee and Tullygarvey, viz, 10·9 and 10·8 respectively, and the lowest in Tullyhaw, viz, 2·4. The highest per-centage of decrease in the Poor Law Unions occurred in Bailieborough and that portion of Cootehill situated in this county; and the lowest in the portions of Bawnboy and Enniskillen similarly situated.

Birthplaces of the Inhabitants (Table XXIV.)

Of the persons enumerated in the County in 1881, 93·42 per cent were born therein; 2·66 per cent. in other counties of the Province of Ulster; 2·03 per cent in Leinster, 0·17 per cent. in Munster; 1·15 per cent in Connaught; 0·42 per cent. in Great Britain, 0·15 per cent were born abroad, and 4 persons were born at sea.

Civic Districts. (Table VI.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The County contains one such district, the population of which in 1871 amounted to 3,389; in 1881 it was 3,050, showing a decrease of 339 or 10·0 per cent; in the rural district of the county the decrease was 8·0 per cent.

Parliamentary Representation (Table V.)

The county returns two members to Parliament, the constituency in 1881 being 5,898.

Religious Professions. (Table XXVIII.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons		Per-centage of Total Population		Increase or Decrease, 1871–1881		
	1871.	1881.	1871	1881.	Increase	Decrease	Rate per Cent
Roman Catholics,	113,174	104,735	80·4	80·9	—	8,439	7·5
Protestant Episcopalians,	21,223	19,022	15·1	14·7	—	2,201	10·4
Presbyterians,	5,004	4,396	3·6	3·4	—	608	12·2
Methodists,	1,056	1,088	0·7	0·8	32	—	3·0
All other Denominations (and Religion unascertained),	278	285	0·2	0·2	7	—	2·5
Information refused,*	—	—	—	—	—	—	—
Total,	140,735	129,476	100	100	—	11,253	8·0

From the above Table it will be seen that of the total population of the County, in 1881, 80·9 per cent. were Roman Catholics, 14·7 per cent Protestant Episcopalians, 3·4 per cent. Presbyterians, 0·8 per cent. Methodists, and 0·2 per cent. members of other Religious Denominations. During the decade there was a decrease in the number of Roman Catholics of 7·5 per cent.; Protestant Episcopalians, 10·4, and Presbyterians, 12·2; there was an increase of 32 in the number of Methodists, and of 7 in the number of members of "All other Denominations".

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Education (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Cavan in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871.		1881.	
	Number of Persons	Rate per Cent.	Number of Persons	Rate per Cent
Read and Write,	60,966	43·3	67,343	52·5
Read only,	25,174	17·9	21,505	16·6
Illiterate,	54,595	38·8	40,028	30·9
Total,	140,735	100·	123,476	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 43·3 per cent. of the Inhabitants could "read and write," in 1881, 52·5 per cent. could do so, that the per-centage of the population who could "read only" in 1871 was 17·9, and in 1881, 16·6; and that the per-centage of the "illiterate" fell from 38·8 in 1871 to 30·9 in 1881.

(Table xxxii.) The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

—	1871			1881		
	Males.	Females.	Total	Males.	Females	Total
Population, 5 years old and upwards,	61,585	61,713	123,298	57,536	57,713	115,249
Number of ditto Illiterate,	17,031	20,127	37,158	12,680	13,121	25,801
Proportion per cent.,	27·7	32·6	30·1	22·0	22·7	22·4

From the foregoing statement it will be seen that, in 1871, 30·1 per cent. of the inhabitants, aged five years and upwards, were Illiterate (27·7 per cent. of the males and 32·6 per cent. of the females), and that, in 1881, the per-centage was but 22·4 (22·0 of the males and 22·7 of the females).

Religious Professions and Education (Table xxviii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 25·2 per cent. of Roman Catholics, 11·6 per cent. of Protestant Episcopalians, 6·7 per cent. of Presbyterians, 4·8 per cent. of Methodists, and 5·3 per cent. of members of "All other Denominations," were Illiterate.

School Attendance. (Table xxvii.)

The number of children attending school in the County of Cavan, according to the Census of 1871 (week ending 17th June), was 18,854, or 38·7 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 18,268, or 38·4 per cent. of persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County of Cavan returned as Sick, on the night of the Census, was 779, or 1 in every 181 of the population; in 1881 the number so returned was 702 or 1 in every 184 of the population; of the latter number 507 were at their own homes, and 195 were in hospital.

Pauperism (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law system was 841, or 1 in every 167 of the population, of this number 617 were inmates of Workhouses, and 224 were in receipt of outdoor relief; in 1881 the number returned was 2,153, or 1 in every 60 of the population, 774 of these being in the Workhouses, and 1,379 on outdoor relief.

Marriages, Births and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District," each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County of Cavan, during the ten years ending 31st March, 1881, was 4,847, equal to an average annual rate of 3·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 33,806, affording an average annual rate of 25·0 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 20,975, being equal to an average annual rate of 15·5 per 1,000, the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii)

The number of Emigrants from the County, during the ten years ending 31st March, 1881, amounted to 19,376 (10,530 males and 8,846 females), the number for the previous decade was 22,348, and for that ending with March, 1861, 36,502, making a total of 78,226 for the thirty years.

Registration of Births and Deaths and Emigration Decrease in the Population

The number of Births registered during the ten years ending 31st March, 1881, being 33,806, and the number of Deaths 20,975, a natural increase of 12,831 would appear to have taken place in the Population, but the Emigrants, during the same period having amounted to 19,376, the net result shown is a decrease of 6,545: this number differs from the decrease (11,259) in the population, as shown by the Census Returns, to the extent of 4,714, a disparity to be accounted for mainly by defective registration and to some extent by incomplete Returns of Emigrants, together with the fact that no record of Migration from one part of Ireland to another is obtainable.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud, or other perishable material, and having only one room and window, in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm-house having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz —

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons returned to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a.) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards,* returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Donegal; and purpose giving similar Tables from time to time, for each County of the Province of Ulster, at such intervals as the progress of the work will permit, to be followed by those of Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF DONEGAL.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Donegal from the Census returns of 1881.

SUMMARY.

Area.

The County of Donegal covers an area of 1,197,154 statute acres, or 5·8 per cent. of the total area of the country.

Distribution of Land (Table I.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 177,499 acres under tillage, 53,989 under meadow and clover, and 380,510 under pasture, making a total of 611,998 acres of Arable Land, or 52·1 per cent. of the total extent of land in the County; 7,517 acres, or 0·7 per cent., under Plantations; 162,074, or 13·8 per cent., under Bog and Marsh; and 345,275, or 29·4 per cent., under barren Mountain Land. The remaining 47,410 acres, or 4·0 per cent., were returned as under "Roads, Fences, &c., &c."

Population. (Table II.)

The number of persons in the County of Donegal according to the Census was—in 1841, 296,448; in 1851, 255,158; in 1861, 237,395; in 1871, 218,334, and according to the recent Census, **206,035 (100,671** Males, and **105,364** Females) or **5·6** per cent. less than in 1871.

Families and Houses

The number of distinct Families in the County at the time of the late enumeration was 39,339, the average number of persons in a family being thus 5·20; and the number of Inhabited Houses was 38,634, showing an average of 5·30 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables III. and VI.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the decrease during the decade.

Baronies.	Population		Decrease between 1871 and 1881		Poor Law Unions	Population		Decrease between 1871 and 1881

Total,	218,334	206,035	12,299	5·6	Total,	218,334	206,035	12,299	5·6

From the foregoing Statement it will be observed that the highest per-centage of decrease in the Baronies took place in Raphoe North, Tirhugh, and Inishowen West, viz., 11·5, 7·3 and 7·2 respectively; there was a slight increase in the population of the Barony of Boylagh. The highest per-centage of decrease in the Poor Law Unions occurred in that portion of Strabane situated in this county; an increase of 244 occurred in the Union of Dunfanaghy during the decade.

Birthplaces of the Inhabitants (Table XXIV.)

Of the persons enumerated in the county in 1881, 95·55 per cent. were born therein, 2·35 in other counties of the Province of Ulster, 0·39 per cent. in Leinster, 0·19 per cent. in Munster, 0·55 per cent. in Connaught, 0·73 per cent. in Great Britain, 0·24 per cent. were born abroad, and 3 persons were born at sea.

Civic Districts. (Table V.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains two such districts, viz., Ballyshannon and Letterkenny, Townships constituted under the provisions of the Act 17 & 18 Vic., cap. 103, in 1871 the total population of these two townships amounted to 5,074; in 1881 it was 5,028, showing a decrease of 46 or less than one per cent., in the rural district of the county there was a decrease of 5·7 per cent.

Parliamentary Representation (Table V.)

The county returns two Members to Parliament, the constituency in 1881 being 4,582.

Religious Professions. (Table XXVIII.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions	Number of Persons		Per-centage of Total Population		Increase or Decrease, 1871–1881.		
	1871.	1881	1871	1881.	Increase	Decrease.	Rate per Cent.
Roman Catholics,	165,270	157,608	75·7	76·5	—	7,662	4·6
Protestant Episcopalians,	27,125	24,759	12·4	12·0	—	2,366	8·7
Presbyterians,	23,080	20,784	10·6	10·1	—	2,296	9·9
Methodists,	1,818	2,014	0·8	1·0	196	—	10·8
All other Denominations (and Religion unascertained),	1,041	870	0·5	0·4	—	171	16·4
Information refused, ‡	—	—	—	—	—	—	—
Total,	218,334	206,035	100·	100·	—	12,299	5·6

From the above Table it will be seen that of the total population of the County, in 1881, 76·5 per cent. were Roman Catholics, 12·0 per cent. Protestant Episcopalians, 10·1 per cent. Presbyterians, 1·0 per cent.

* An increase of 460 persons took place between 1871 and 1881 in the Barony of Boylagh; and of 244 in the Union of Dunfanaghy.

† In 1871 there were 148 persons returned on the Census Forms as "Protestants," concerning whose Religious Profession no further information could be obtained; in 1881 there were not any so returned.

‡ The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Methodists, and 0·4 per cent members of other Religious Denominations. During the decade there was a decrease in the number of Roman Catholics of 4·6 per cent.; Protestant Episcopalians, 8·7; and Presbyterians, 9·9 per cent.; an increase of 10·8 per cent took place in the number of Methodists.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Donegal in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education	1871.		1881	
	Number of Persons	Rate per Cent	Number of Persons.	Rate per Cent
Read and Write,	63,247	29·0	76,876	37·3
Read only,	35,742	16·4	33,429	16·2
Illiterate,	119,345	54·6	95,730	46·5
Total,	218,334	100	206,035	100

From the above it will be seen that whereas, according to the Returns of 1871, only 29·0 per cent. of the Inhabitants could "read and write," in 1881, 37·3 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 16·4, and in 1881, 16·2; and that the per-centage of the "illiterate" fell from 54·6 in 1871 to 46·5 in 1881.

(Table xxxii.)

The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were illiterate.

	1871.			1881		
	Males.	Females.	Total	Males.	Females.	Total
Population, 5 years old and upwards,	92,782	99,482	192,264	88,998	94,098	183,096
Number of ditto Illiterate,	41,496	51,779	93,275	32,763	40,028	72,791
Proportion per cent.,	44·7	52·0	48·5	36·8	42·5	39·8

From the foregoing statement it will be seen that, in 1871, 48·5 per cent. of the inhabitants, aged five years and upwards, were illiterate (44·7 per cent. of the males and 52·0 per cent. of the females), and that, in 1881, the percentage was but 39·8 (36·8 of the males and 42·5 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 47·8 per cent. of Roman Catholics, 17·6 per cent. of Protestant Episcopalians, 9·9 per cent of Presbyterians, 7·7 per cent. of Methodists, and 3·1 per cent. of "All other Denominations" were illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the County of Donegal, according to the Census of 1871 (week ending 17th June), was 17,290 or 23·1 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 19,342, or 26·6 per cent of the persons aged 5 and under 20.

Sick. (Table x.)

In 1871 the number of persons in the County of Donegal returned as Sick, on the night of the Census, was 1,591 or 1 in every 137 of the population; in 1881 the number so returned was 1,289, or 1 in every 160 of the population; of the latter number, 984 were at their own homes, and 305 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,096 or 1 in every 199 of the population, of this number 843 were inmates of Workhouses, and 253 were in receipt of outdoor relief, in 1881 the number returned was 1,516, or 1 in every 136 of the population, 914 of these being in the Workhouses, and 602 on outdoor relief.

Marriages, Births, and Deaths (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar General the number of Marriages registered in the county of Donegal, during the ten years ending 31st March, 1881, was 8,102, equal to an average annual rate of 3·8 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 51,261, affording an average annual rate of 24·2 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 32,638, being equal to an average annual rate of 15·4 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 30,085 (18,311 males and 11,774 females); the number for the previous decade was 11,902, and for that ending with March, 1861, 38,260, making a total of 80,247 for the thirty years.

Registration of Births and Deaths and Emigration.

Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 51,261 and the number of Deaths 32,638, a natural increase of 18,623 would appear to have taken place in the Population; but the Emigrants, during the same period, having amounted to 30,085, the net result shown is a decrease of 11,462: this number differs from the decrease (12,299) in the population, as shown by the Census Returns, to the extent of 837, a disparity to be accounted for mainly by defective registration, and to some extent by incomplete Returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

(a) The Civic Districts comprise the townships of Ballyshannon and Letterkenny.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described —

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz. —

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus a person who may be a Clergyman and Professor, or Barrister and Land Agent or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub Order, are included all persons *aged 15 years and upwards,* returned as "Scholar" or "Student."
